

Material Safety Data Sheet

according to the requirements from policy 2001/58/CE

1. PRODUCT AND MANUFACTURER IDENTIFICATION

1.1 Identification of the product

WAX EMULSION IN MINERAL TURPENTINE

1.2 Product brand name

CERA D'ARTE NEUTRA

1.3 Identification of the company

Manufacturer:

SAFRA COLORS SPA

Address:

Via Portogallo, 10 - 37069 VILLAFRANCA (VR)

Phone:

045/7900511

Emergency phone nr:

045/6330215

2. PRODUCT COMPOSITION/INGREDIENTS

Name of dangerous substance	Concentration	Symbol danger	Phrases R:
--			--

3. HAZARD IDENTIFICATION

3.1 Health and environmental hazards

The product does not present any danger to person or environment by normal use.

4. FIRST AID MEASURES:

4.1 Inhalation

None

4.2 Skin contact

Generally the product is not irritant by skin contact, but wash hands with soap and water after use.

4.3 Eye contact

Rinse eyes copiously with clean water for 15 minutes and if necessary seek medical advice.

4.4 Ingestion

DO NOT INDUCE VOMITING IN ANY CIRCUMSTANCE, if necessary, seek medical advice.

5. FIRE FIGHTING PROCEDURES

5.1 Suitable extinguishing means

Foam, carbon dioxide, dry extinguishing media

5.2 Not suitable for safety reasons extinguishing means

Water

5.3 Exposure hazards due to the product itself, to combustion products, to gas

Air the room after use

Issuing date:

6. ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions

Keep away flame sources

6.2 Environmental precautions

Restrain losses with earth or sand. Keep the product away from natural water streams or drains.

6.3 Cleaning up methods

By contact with absorbing earth, remove the contaminated coat.

6.4 Other suggestions

If the leakage is due to a damaged bucket, put the rest in a suitable bucket and dispose in accordance to local regulations.

7. HANDLING AND STORAGE

7.1 Handling

Air the room after use

7.2 Storage

Keep away from flames and sparks. Do not smoke and avoid accumulation of electrostatic charges. Keep away from lighting sources, air the room.

8. EXPOSURE CONTROL/PERSONAL PROTECTION

8.1 Respiratory protection

None

8.2 Hands protection

Protective gloves

8.3 Eyes protection

Safety goggles

8.4 Skin protection

Working garments

8.5 Specific hygienic measures

None

9. PHYSICO-CHEMICAL DATA

Aspect:	Waxy liquid
Ph:	---
Inflammability (solids, gas):	Inflammability point: about 60°C
Explosive properties:	None
Vapor pressure:	5 mbar
Specific weight:	0,79 g/cm ³
Solubility water solubility:	--
Liposolubility (fat solvent to precise):	--
Coefficient of distribution:	--

10. STABILITY AND REACTIVITY

10.1 Conditions to avoid

None, if the use follows the instructions given

10.2 Material to avoid

None, if the use follows the instructions given

Issuing date:

10.3 Hazardous decomposition products

None, if the use follows the instructions given

11. TOXICOLOGICAL INFORMATION

Acute toxicity:

Primary irritability:

inspiration: possible mucosae irritations at high conce

Skin:

Possible irritation by repeated and prolonged contact

Eyes:

Possible irritation by repeated and prolonged contact

Sensitization:

12. ECOLOGICAL INFORMATION

Use accordingly to good working practices, avoiding to waste the product and packaging in the environment without pre-treatment.

13. DISPOSAL CONSIDERATIONS

Product and packaging wastes must be disposed by operators in accordance with national and local regulations.

14. TRANSPORT INFORMATION

Product transport must be done in original packaging and in good closed cans in order to avoid flowings and made of materials unassailable from contents and not able to build harmful or dangerous compound.

By road RID/ADR class 3, figure 31, letter c

By rail CT/FS class 3, figure 31, letter c

By sea IMDG code: 3,3 IMDG-PAGE: 3345

By air ICAO/IATA: 3

Technical name: inflammable

liquid

Packaging: III

Danger label : 3

15. REGULATORY INFORMATION

15.1 Policy 67/548/EC and next adjustment, Policy 1999/45/EC and next adjustment

Product do not enter any class for dangerous/hazard labelling. Therefore class and danger symbol, R and S

15.2 Other norms

The use of product must be in accordance with the norms contained in the D.P.R.of 27 april 1955, n. 547 "Norms for the prevention of accidents at work" and in D.P.R. of 19 march 1956, n. 303 "General norms for the hygiene at work", Law 152/99 "Drain water".

16. OTHER INFORMATION

16.1 Further information (written reports and/or technical contact centres)

See technical information

Information given in this document is based on our best present knowledge and accurate according to the safety standards and to the proper use of the product.
Manufacturer assumes no responsibility for any improper behaviour or action made by buyers, for improper uses of the product or in case of not authorized sales made by shopkeepers without giving enough information to end-users. This information does not give any guarantee about technical characteristics of the product and cannot be the reason for a contractual juridical relation.
